

Before & After School Program

Beginning for the 2019 / 2020 school year, the Sage YMCA will be operating the Before and Aftercare Program here at SSPP. The day to day program will not change for our students, but program registration and billing will be facilitated directly with the Y.

Registration packets will be posted online at the Y at the beginning of June and registration begins July 1st. We will email our families a reminder when registration opens.
